

Weaving Destination- Social Fabric for Change- presents the second annual Edinburgh Fringe Festival Fashion Show!!

After an incredibly successful run at last years' festival, the Weaving Destination Fashion Show returns for another year of fashion and fun, all for an amazing cause. Join us 30th August for an incredible evening as Scottish and International designers showcase their work using beautiful Indian organic cotton and peace silk textiles. Come see handmade clothing and accessories showcased in style and vote for your favourites. Learn about our weaving centres that have provided a sustainable path to self-sufficiency through the production and sale of beautiful, hand-woven, ethical and organic abrics. Fabrics, scarfs, bags and other fashion show products will also be available for purchases and all proceeds will directly benefit survivors of human trafficking and HIV/AIDS. This event is one-of-a-kind and a total blast. Come out and support an incredible organisation and cause! Do good feel good!
